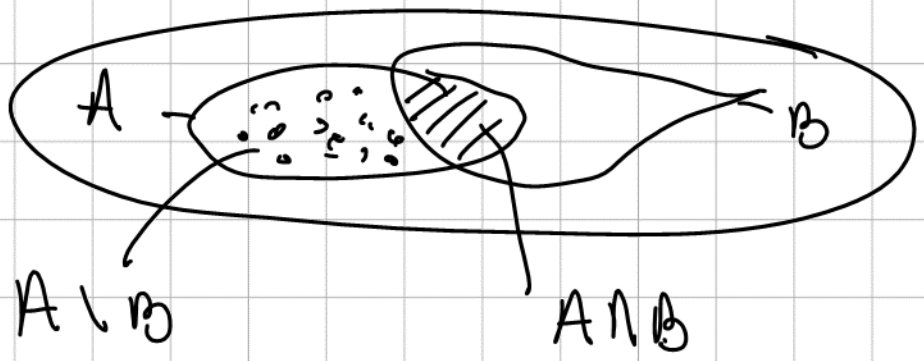
$\overline{A} = B$.

$$= \frac{P(A) \cdot P(C/A)}{P(A) \cdot P(C/A) + P(\overline{A}) \cdot P(C/\overline{A})}$$

2) A/B : A sachant B

$A \setminus B$: A moins B.



$A \setminus B$ $\qquad$ $A \cap B$

$= A \cap \overline{B}$

$$P(A \setminus B) = P(A) - P(A \cap B).$$
